# GUMMY CANDIES

**CEAMPECTIN® ESS**  
range for gummy  
supplements

Gummies are becoming the favourite requested format to take health supplements thanks to their pleasant flavour and because they can easily be swallowed.

**CEAMPECTIN** is the key ingredient for gummies recipes as it ensures the process control and it can be adapted to fulfil each functional ingredient requirements.

## **Pectin**

Ceampectin ESS 4420

Ceampectin ESS 4421

Ceampectin ESS 4423

## BENEFITS

- ⊙ Vegan solution
- ⊙ Optimum fruit flavour release
- ⊙ Delicate texture, easy to swallow
- ⊙ Fast setting speed
